## A GUIDE TO THE STATISTICS

**Player Data:** All player ages are correct as of January 1st 2007. The player statistics in this album refer to league performances only and therefore do not include appearances in cups, or other competitions. Where data is not available, for example for overseas players whose data is not known by the club, it has been omitted. It is marked in the text by "-". Country flags refer to a player's nationality or the international country he represents and may differ from their country of birth.

**Statistic Abbreviations:** APS - League Appearances; G.S. - League Goals Scored; CS - Clean Sheets

'2005/06 Statistics' supplied courtesy of **STATS** and Dataco. For further details visit [www.premierleague.com](http://www.premierleague.com). The statistics contained in this album are © Topps Europe Limited and may not be reproduced whole or in part without written permission. All rights reserved.

**Star Ratings:** Whilst every effort has been made to proportion reasonable contrasting player ratings on the stickers, the individual ratings have been devised to facilitate Merlin's "5 Star Swapper" activities on [merlinfootball.com](http://merlinfootball.com). These values are not intended to be a definitive comparison guide between players and do not reflect the opinions of the F.A. Premier League or its member clubs.

**Editors Note:** The final date for compiling this album was October 20, 2006. All reasonable efforts were made to ensure that the data was accurate at that time. Player transfers and/or managerial changes after that date were, of course, beyond our control.

**T**his is an exciting time to be a fan in the Premier League with so many skilful players and strong teams. Merlin's F.A. Premier League 07 – the official sticker collection of the Barclays Premiership – is another great way to follow the action and learn more about your favourite stars and clubs.

Firstly, I would like to offer my congratulations to our current champions, Chelsea, who won the trophy for a second consecutive season. To achieve back-to-back title success is a truly remarkable feat. Congratulations must also go to Arsenal and Middlesbrough who reached the finals of the Champions League and UEFA Cup respectively. Both teams performed heroically and it was pleasing to see the Barclays Premiership so strongly represented in Europe's elite club competitions.

With such quality within the league's ranks, it's no wonder that players and fans across the globe choose the Barclays Premiership above all others. The summer's World Cup showcased more Premiership talent than any other league. This season we welcome the likes of Ukraine's Andriy Shevchenko, Tomas Rosicky of the Czech Republic and Dutchman Dirk Kuyt, as well as fantastic home-grown talent such as Wayne Rooney and Theo Walcott, to a league that is broadcast in over 200 countries reaching 350 million viewers worldwide.

To all of those who are new to the Barclays Premiership, Merlin's sticker collections are an excellent introduction to the league. Inside you'll find everything you need to know about the competition, the clubs and the players, as well as some fun features too.

So whether you're a supporter, collector, or even a player, you can get stuck into the best league in the world with Merlin's F.A. Premier League 07 – the official sticker collection of the Barclays Premiership.

### (TO TALK WITH US ABOUT)

The Swap Shop is

writing in your book, as you will  
be given a Completion Certificate  
Sticker that will cover
